Present: Councilmember Ryan Mello, City of Tacoma, Chair; Commissioner Clare Petrich, Port of Tacoma; Gary Brackett (Business Association); Mike Dahlem, City of Sumner; Russ Ladley, Puyallup Tribe; Dave Morell (Unincorporated Pierce County); Chuck West, Key Peninsula Fire Department; Chris Cooley, representing Pierce County Executive (Alternate).

Staff: Kjristine Lund, Executive Director; Melissa McFadden, District Administrator; Anne-Marie Marshall-Dody, Program and Partnerships Manager, Pierce County Planning and Public Works Department (PPW); Brynne Walker, Floodplain Management Planner, PPW; Harold Smelt, Engineering Services Manager, PPW.

The meeting was called to order at 9:14 a.m.

Approval of Meeting Summary

The Chair called for approval of the meeting summary from August 3, 2018. There were no changes and the summary was approved unanimously.

Update on Final Budget Action by Board of Supervisors

Ms. Lund reported on the approved budget for 2019. The budget tracked with that recommended by the Advisory Committee, with the exception that the Executive Committee did recommend a six-year CIP, with no payment to the General Investigation. The revenues for the District were constrained with the property tax levy limited to one percent by a majority of the Board of Supervisors. The budget included funding for the shoreline restoration projects of the Pierce Conservation District. Ms. Marshall-Dody reported on the proposed projects that were funded by the budget.

USACE General Investigation Projects and Next Steps

Mr. Smelt gave an overview of the GI and the Corps' decision to shelve the study. (The presentation is part of the meeting record.) Mr. Smelt reviewed the study area: the Puyallup River and its tributaries, but not the Nisqually River. He reviewed the Lower Puyallup River, White River, Middle-Puyallup, and Upper Puyallup projects. He said the County still desires that the GI Study be completed and has requested a second exemption. The study has not been terminated, but just classified as inactive; there is a five-year time period in which the study could be reactivated. The County is also looking into a different funding stream from the USACE called the Continuing Authorization Program (CAP), for the Jones Levee in Orting.

Pierce County Flood Control Zone District Advisory Committee Meeting Summary

He reviewed the 2019-2024 Surface Water Management capital facilities plan and cross-walked projects from the GI. He also discussed the comprehensive plan and development.

Ms. Marshall-Dody reminded the Committee that the Flood Hazard Management Plan will be before the County Council next week.

Mr. Smelt also discussed activities relating to sediment management.

Flood Plains for the Future

Ms. Marshall-Dody introduced Flood Plains for the Future, which is a Pierce County project. She introduced Carol McElroy of the Nature Conservancy. Ms. McElroy led a group presentation which included Helmut Schmitt, Pierce County Surface Water Management; Kristin Williamson, South Puget Sound Salmon Recovery; Jordan Rash, Forterra; Jordan Joby, WSU Puyallup; and Isabelle Raglund, Pierce Conservation District. (The presentation is part of the meeting record.)

The program focuses on the White, Puyallup and Carbon Rivers and works to encourage integrated floodplain management, including risk reduction and habitat restoration.

Discuss Content of Annual Report

Ms. Lund reported on the annual report, which will follow prior years' formats. She suggested dedicating the report to Ken Wolf, including information on maintenance and asked for other suggestions of information that should be included in the report. There were suggestions to include more pictures/information about fish in the report and also to include more information on the District's work going forward.

Ms. Lund also mentioned consultant contracts for legal counsel, accountant and executive director going out to bid today.

The Chair suggested a tour of the White River corridor in the spring.

Public Comment

There was no public comment.

The meeting adjourned at 11:40 a.m.

ADVISORY COMMITTEE OPERATING GUIDELINES - Revised February 3, 2018

Foundational Information

To reach a consensus decision, Advisory Committee members will make proposals, hold additional discussion, and the chair will call for the consensus decision on the proposal. Every effort will be made to meet the interests of all members. Consensus has been reached when everyone agrees they can accept moving forward with the recommendation and will support the recommendation.

If consensus cannot be reached, the decision will be made by a majority vote, with a majority being a simple majority of those members or alternates present at the meeting (assuming a quorum is present.)
